FIBRE ARTS GALLERY

Where Art is in Love with Style

Located in beautiful Squamish near Garibaldi Springs Golf Resort the gallery-tapestry weaving studio is mostly devoted to the textile arts.

The collection includes one of a kind hand-woven tapestries, beautiful embroideries and needlepoint pillows, exquisite couture and jewelry, art quilts, books, and other artwork for interiors.

We also weave on commission site-specific tapestries for residential or public buildings, and we partner with architects and interior designers.

The artists represented here are skilled craftsman, devoted to their art and vision. Their strength lies in unique approaches to the elements of design, and how it can convey the essence of culture, identity and spirit.

Stop by to see us weaving, and be prepared to delight your imagination!

We are open Tuesday to Sunday 10am to 5pm and by appointment.

Buying Art for Your Home or Office is a great investment

A piece of art can bring life to a room and renew its appearance. With a lot of gorgeous works on offer, such as during ArtWalk, you may wonder how to choose. We can find help in the definition of the word art which is the production or expression of what is beautiful (visually), appealing, or of more than ordinary significance, according to a dictionary definition. That means buying art is actually quite easy.

Like with any purchase, decide on a budget. Then simply look for something in that price range that you absolutely love. As the saying goes, beauty is in the eye of the beholder and this is very true when it comes to choosing the piece that is right for your home or office. Trust your own taste and instincts. Visit studios

and galleries to see the many different forms of art. Prices can range from a few dollars for a hand-painted card to millions of dollars for museum quality pieces. Whatever your taste and whatever your pocketbook, if you love art - you can afford to buy art. Buy the best you can afford. Whenever possible meet the artist. They will be happy to answer all your questions. Learn the source of their inspiration, and you'll have learned a lot about that artist. And keep in mind that for most artists the knowledge that someone likes one of their creations enough to consider taking it home is one of the biggest compliments. This weekend's open studio and gallery tour is a perfect opportunity to meet artists, view their works and take home original art.

Jan Phelan Donates Bowl for VISUALS Annual Fundraiser Draw

Jan Phelan is a world-renowned and award-winning artist in clay. Her porcelain, stoneware, and earthenware works can be found at the Governor General of Canada's residence, have been presented to former UK prime minister Margaret Thatcher, and are in collections of the Bronfmans, Reichmans and the late jazz musician Oscar Peterson. Jan creates each piece entirely by hand, from the original design through to the final luster firing. She applies stains, oxides, glazes and luster in layers and fires her works many times to achieve depth and a rich, vibrant variation of colour. Each piece is partly layered with 22K gold.

It reminds her of her childhood. "I'll always remember as a kid getting up really early, going outside and scooting across these fields. The sun was coming up reflecting on the dew like a million diamonds. When I look at my work with the gold on top of it, sparkling, it reminds me so much of that - dewy grasses and flowers and the sun shining. It is just so beautiful. That speaks to me and it is inspiring."

The winner takes home "Solara". It is 18"x18"x5" and valued at \$900. This year the fundraiser proceeds will go to VISUALS to help support the promotion of visual arts in Squamish. The winning ticket will be drawn at the conclusion of ArtWalk on September 20.

Draw tickets are \$5 each or 3 for \$10, available now at the UpStares Gallery, 37991A Cleveland Ave, downtown Squamish.
