The 2010 Powell River Studio Tour (free to the public) will feature local artists at their studios on the week-end of August 28 & 29, 2010 from 10 am - 5 pm. Visitors will be able to experience the diversity & excellence of the art community in the Powell River region, along with the spectacular natural beauty of Canada's Sunshine Coast. Visitors design their own tour using a free brochure and guide that includes information on each artist or gallery participating in the tour. This brochure has two parts, the list of artists as well as a map page. Artists are listed north to south but you don't have to start at #1. Be different! Start in the south and work your way north this year!

ARTISTS NORTH: LUND TO WILDWOOD

1 • Jan Lovewell & Ron Robb • Potters • We have the potential as human beings to be inspired and uplifted by the beauty of nature, music and art. In our practice, the possibility of surprising and delighting first ourselves, and then others is the spark that keeps us doing our best. Visit our studio/gallery by the sea where we create one-of-a-kind, hand formed pieces reflecting the beauty of the natural west coast environment. We make both raku and wood fired pottery, including masks, sculptural vases, figurative jars, musical instruments (ocarinas and shakers) and more. **Rare Earth Pottery** • 604.483.4806 • Lund • Left off Highway 101 N at Larson Rd, right on Murray & left on Quarry • 9644 Quarry Pl
