Cowichan Valley Artisans Guide

Year-Round Studio Tour

Discover the work of a new group of world-class artisans April 14th at Portals, Cowichan Valley Arts Council Gallery for Art, Culture and Heritage at 2687 James Street in Duncan. Celebrating the launch of the new Cowichan Valley Artisans Guide map and website, these 13 professional artisans are throwing open their studio doors year-round to encourage
more visitors and to introduce to the region a unique professional artistic voice that will help establish the Cowichan Valley as a truly amazing destination.

A beautiful brochure, available throughout the Valley but always at Excellent Frameworks, 28 Station Street, and Experience Cycling, 482 Trans Canada Highway, in Duncan, complete with map and website will guide you into their world of wonders. It is the only regional self-guided tour that includes culinary stops along the way.

A drive through the Cowichan Region is always an adventure on beautiful country roads with unexpected views of nature. The self-guided tour takes visitors behind the scenery to experience the lifestyle of artisans who desire to create community around food and art.

To debut this unusual group, all studios and venues will be open April 22nd through 25th from 10am to 5pm. Otherwise, consult the brochure or the web site www.cowichanvalleyartisans.com

The following participating artisans will remain open throughout the year:
